Department: Department of Languages
Faculty of Chemical and Food Technology
STU

Courses: Slovak language for Foreigners I, II
Slovak language for Foreigners – Erasmus+

About:

She is the guarantor of the subject Slovak language for foreigners.

She deals with the methodology of teaching Slovak as a foreign language, the implicit and explicit dichotomy in the teaching of Slovak as a foreign language, the comparison of methodological procedures for learning Slovak by students speaking Slavic and non-Slavic languages.

In her dissertation under the title *Application of the theory of natural semantic metalanguage in the teaching of Slovak as a foreign language*, she devoted to the application of theoretical knowledge in the practical teaching of Slovak as a foreign language. As part of a partial elicitation experiment, she revealed parallels and differences in the linguistic picture of the world of two different language groups, ascertained implicit knowledge about the semantics of Slovak lexemes and about the meaning and formal aspect of prefixal derivation.
