

KTO SME?

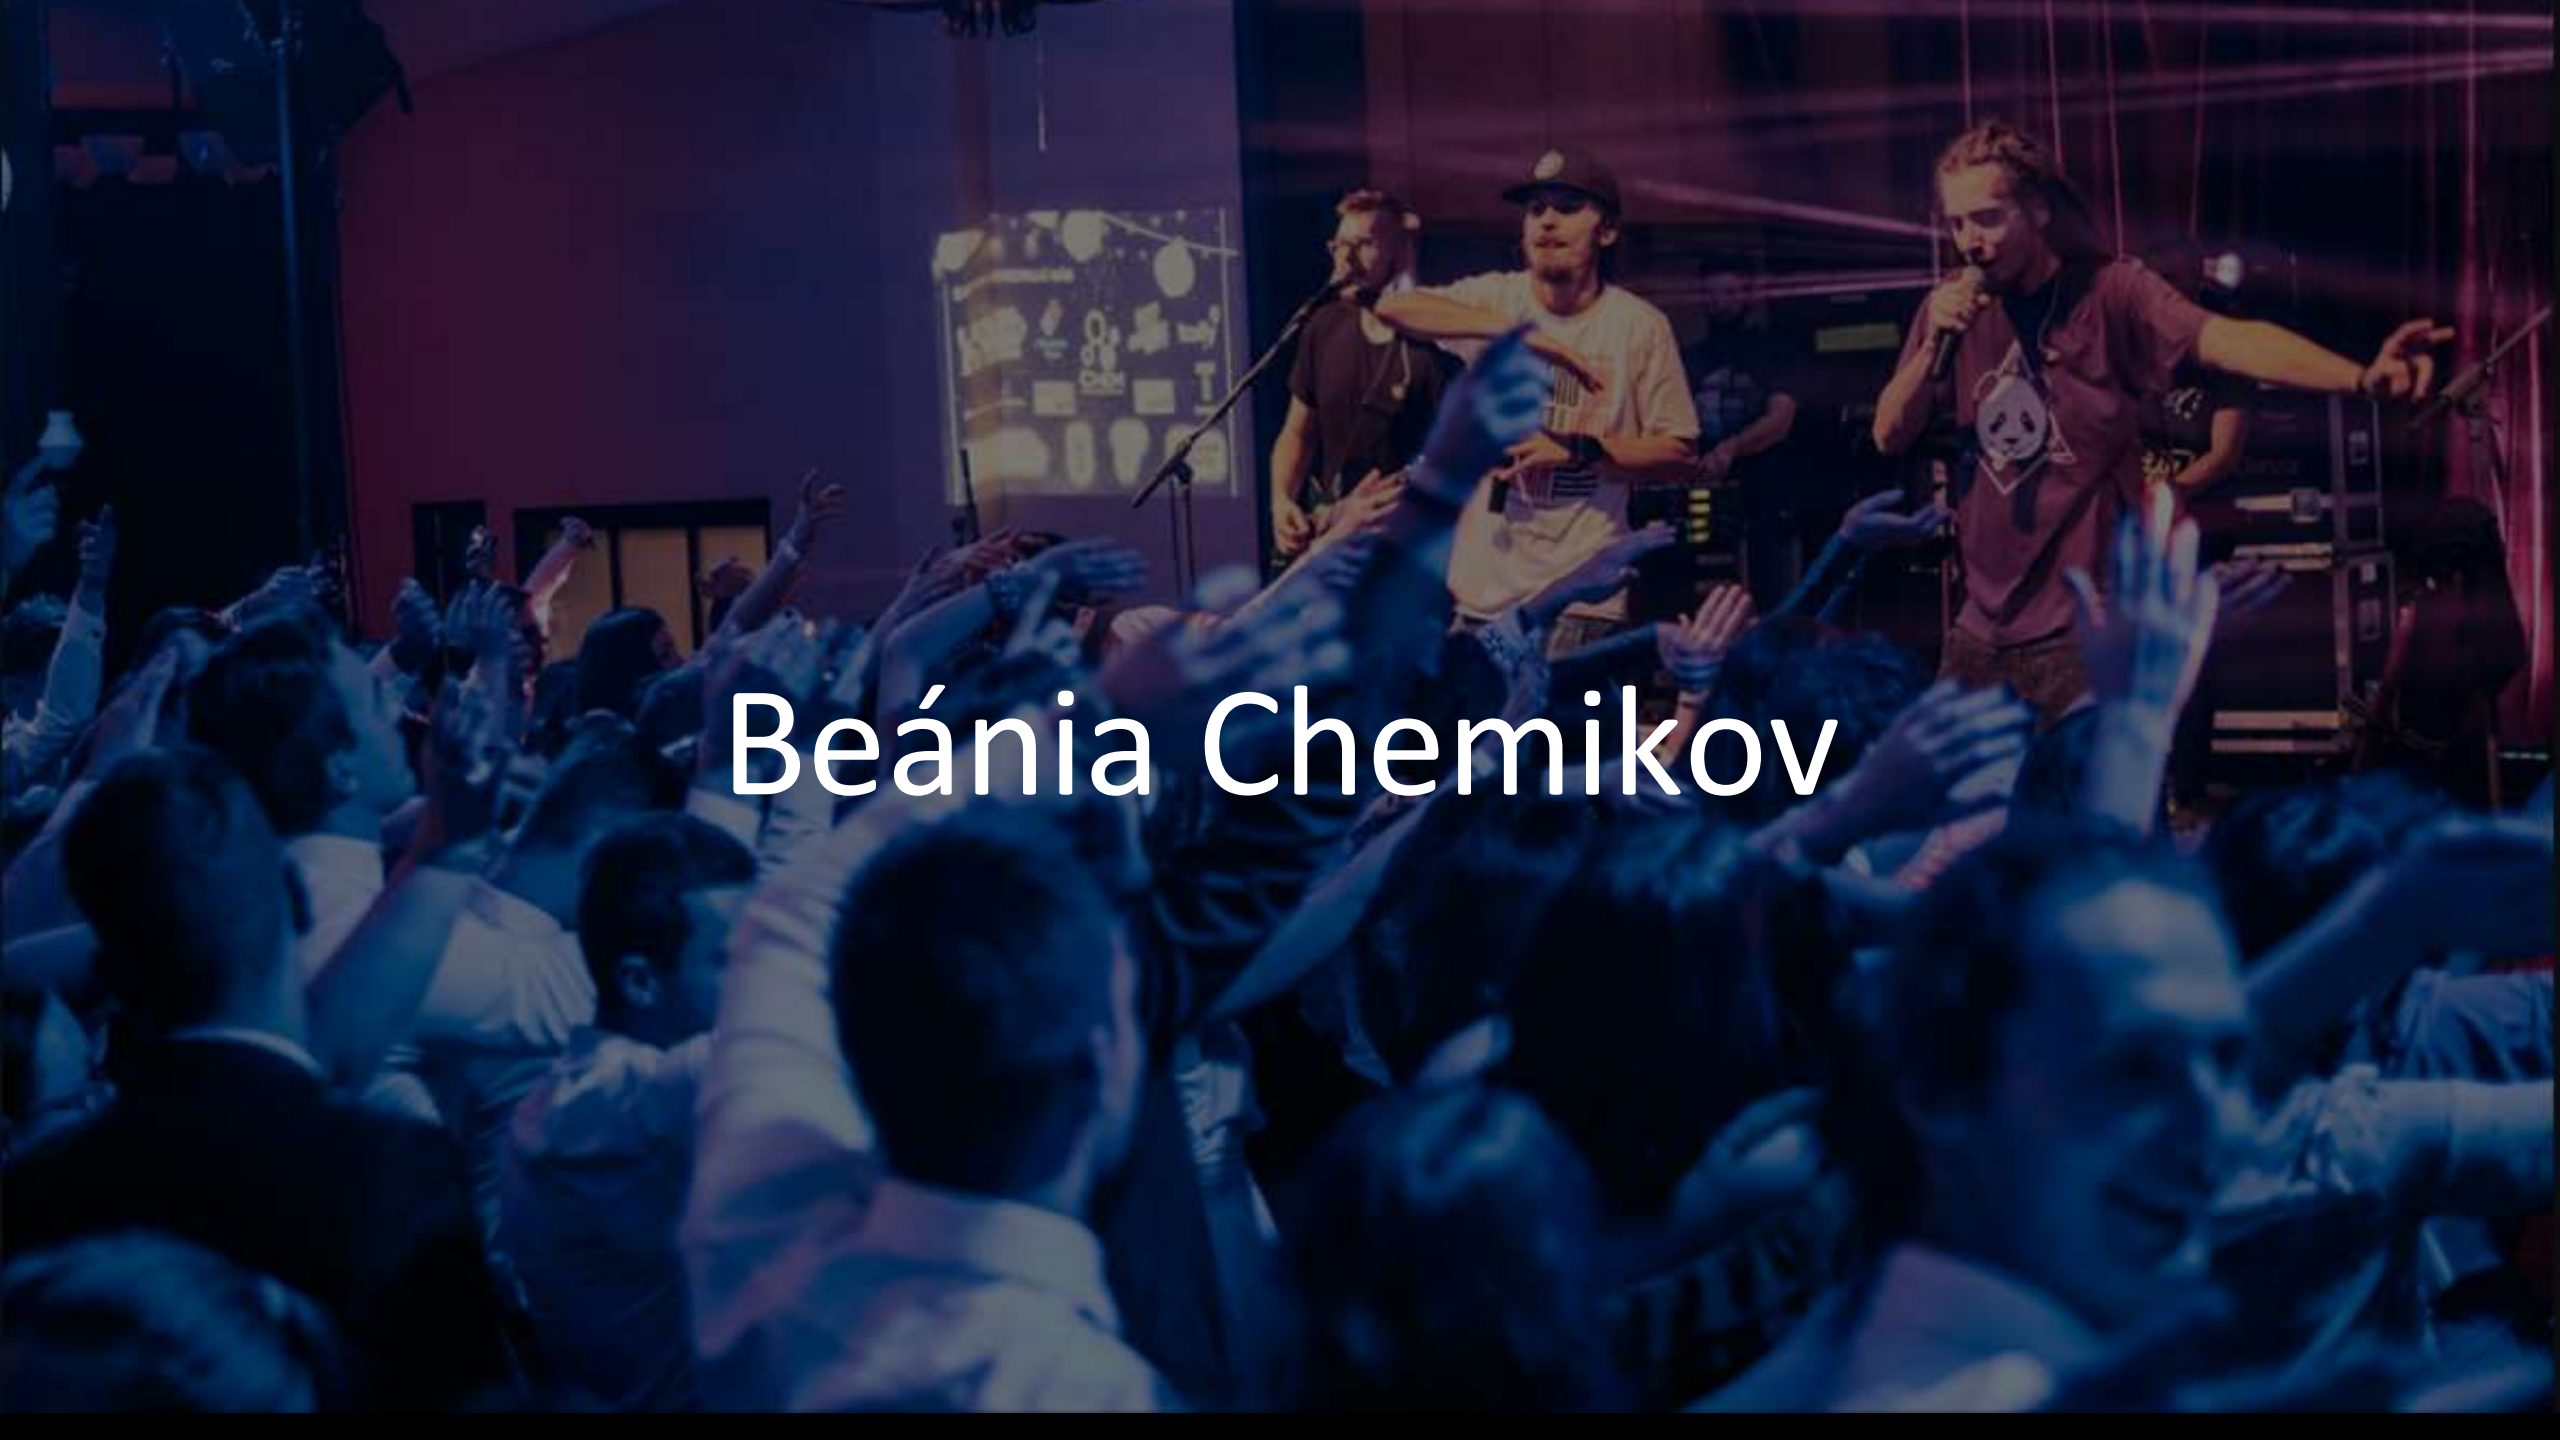

Študentský spolok, ktorý vznikol v roku 2018 spojením všetkých študentských organizácií na fakulte

- Študentský paralment ŠCCH
- Časopis Radikál
- Klub Sokrates
- Aquaklub

ČO ROBÍME?

Beánia Chemikov

A group of people are playing volleyball in a gymnasium. A man in a grey t-shirt and black shorts is jumping high to hit the ball over the net. A woman in a green t-shirt and black shorts is standing on the left, watching the play. A man in a black t-shirt and red shorts is standing in the background. A man in a yellow t-shirt and green shorts is on the right, with his leg extended as if he has just hit the ball. The gymnasium has a wooden floor and a blue wall in the background. The text "Športový deň" is overlaid in the center of the image.

Športový deň

A large group of approximately 30 students are posing for a group photo in front of a modern building. The students are arranged in several rows, with some standing in the back, others kneeling or sitting in the middle, and two lying on the ground in the front. Many of the students are wearing black t-shirts with the 'ChemSchool' logo, which features a stylized molecular structure. The building behind them has large glass windows and a prominent, abstract sculpture made of white, angular blocks. The ground is paved with large, light-colored stone tiles. The overall atmosphere is casual and organized.
